VERGASON TECHNOLOGY - www.vergason.com - 166 State Route 224, 14889 Van Etten, NY, [USA](#)
Mark Fitch, Director of Marketing & Sales, Email: mfitch@vergason.com, Tel. 6075894429, Fax 6075896955
products:

VTI's line of Press-Side® Metalizers apply a variety of thin metal films on plastic components for markets such as: automotive/consumer lighting, home appliances, medical, EMI/RFI shielding, and decorative products. Plasma polymerization base and top coating metalizers are available. Features: fifty-second cycles, superior finished parts, high volume, no harmful waste products.

VTI also manufactures hard-coating equipment for ceramic coatings providing extended wear, erosion and corrosion resistance.
company profile:

Vergason Technology, Inc., founded in 1986, is a leading innovator in thermal evaporation, cathodic arc, and sputtered PVD coating [services](#) and systems. Our markets include appliances, automotive lighting, aerospace, electronics, residential and commercial lighting, medical, decorative, tooling, molds, and dies. With over 150 installed systems across 4 continents, offices in China, Mexico, and Poland, we are the vacuum coating solutions experts.

MUSTANG VACUUM SYSTEMS - www.mustangvac.com - 1675 Independence Blvd, Sarasota, FL 34234, [USA](#)
Tel. +1 941-377-1440

products:

Sputtering Systems, Evaporation Systems,
Tool Coaters, DLC Coaters, Optical Coaters, Roll (Web) Coaters,
Custom Coating Systems, Automated Metallizers,
Magnetron Sputtering Cathodes, Custom Vacuum Chambers, Vacuum Components, Turnkey Solutions

company profile:

Mustang Vacuum Systems manufactures vacuum coating / metallizing equipment, including sputtering machines, optical coating units,

batch metallizers, and roll-to-roll systems. Mustang is known for its Colt 48®, a small batch fast-cycle dual-door sputtering machine that incorporates both sputtering and an environmentally friendly topcoating process in a single chamber. The Colt has been enthusiastically received as the fastest, most reliable sputtering machine available.

VECOR - www.vecorus.com - 101 Duranzo Aisle, Irvine CA 92606, [USA](#)
Vladimir CHUTKO, Email: info@vecorus.com, Tel. +1 949-394-4466, Fax +1 949-451-6813

products:

coating and vacuum equipment and components (coating machines, DC magnetron sputtering systems, ion sources, power supplies, controllers, etc.)

vacuum engineering software, optical components, and also provides high quality consulting, engineering and equipment upgrade service.
